Download Advanced Dissolve's demo scenes from the links below:

Unity 2019.4	Unity 2020.3	Unity 2021.3
Built-in render pipeline Universal (URP) High Definition (HDRP)	Built-in render pipeline Universal (URP) High Definition (HDRP)	Built-in render pipeline Universal (URP) High Definition (HDRP)

Before importing package, make sure Post Processing asset from the Package Manager is installed and project is in Linear color space. Demo scenes use old input manager.

List of the used assets:
- VolumetricLights (SlightlyMad)
- Hermite Spline Controller (wiki.unity3d)
- The Blacksmith: Environments (Unity3d)
- Low poly combat drone (VoodooPlay)
